

The December meeting of SFS was held at the Garrison Golf Course on Dec. 3, 19 at 7 pm.

Brent called the meeting to order with all officers present with the exception of Treasurer, Eden. Members present at the meeting were Brent S., Heather S., Marty M., Danielle H., Brock H., Lance Z., Rusty K., Wayne K., and Renee K.

Marty made a motion to approve the Nov Director meeting minutes, 2nd by Brock. Motion carried.

Marty made a motion to approve the Nov membership meeting minutes, 2nd by Rusty. Motion carried.

Brent submitted a bill for a patio heater that was purchased for Dickens in the amount of 94.59. Rusty made a motion to pay this, 2nd by Brock. Motion carried.

Brent reported all remaining signs from SND should be in within a week or so. We have all the leases back and small amount of signing left to do.

Brent touched on the State convention being held in Bottineau. Discussed who would be able to attend and who could do Dickens that weekend. He also put in for a grant with SND. The Board of Directors meet and determine who and what gets portions of the 1800 grant.

Steve said he would contact Shawn Cole in Valley City and pick up the groomer in the very near future.

Rusty was checking with Carbo Ceramics to see if we could store some pallets and barrels with signs. We want to relocate them as Hayden was kind enough to let us store them in his shop while signing.

Brent informed us that the trail coordinator must contact SND every Wed after Dec. 1 to give a trail report, even if trails are not open yet. This should be done with Todd Thronson at 7013285377.

The trail coordinator must also have the first benchmark form completed and to SND before Dec 15th. Brent has a digital form that can be emailed in. Lance was

asked how and when he would like payment for tractor and grooming. He said after we received payment would be fine with him.

Signage is complete other than the ordered signs, chevrons, stops and yields. Trails are currently closed from lack of snow.

We had a discussion on getting some associate members on board. We thought getting snowmobile dealers on board was something we should look into. Renee spoke with Action Sports and Dwight said he would be happy to help, just let him know what we needed. He also said he could donate baskets for charity events. We all need to make a few local contacts.

Heather reported on Dickens. It was very slow because of the frigid weather. She set up workers for the next two weekends.

The next meeting will be held at North Shore Inn and Suites on Jan 7, at 7 pm. Marty had a few other suggestions as to additional meeting places. Four Seasons would be willing to let us meet there and so would Sharon in the ballroom at Hometown.

With no other business, Wayne made a motion to adjourn, 2nd by Renee.
